Lac la Biche Herald

Vol. 1, No. 37 — EDMONTON, ALBERTA, JUNE 18, 1949 — SUBSCRIPTION $2.00 PER YEAR

LAC LA BICHE NEWS

LAC LA BICHE. — Miss Esther Coutney went to Stettler to visit friends.

Mrs. F. Coutney was a business visitor in Edmonton. She also visited with her daughter Annette.

Miss Dot Johnson and Mr. Jim Joncas motored to Tweedie last Sunday where they spent the day with Dot's brother, wife and their small son. They also motored to Caslan where they spent the evening with Mr. and Mrs. John Gordey and daughter Lucille. Mrs. Gordey is a sister to Dot.

The Westby Corp. left Lac la Biche Monday for Boyle where they will continue survey work.

Romeo Coutney and Bill Osadchuk returned to Lac la Biche on Thursday from their trip to the United States.

Ken Foster, a member of the Westby Geophysical crew and formerly of Lloydminster, was killed almost instantly on the highway near the Mission when his truck overturned.

Don Stewart is trucking from Grimshaw to Hay River.

Mr. Fred Wilkins of Edmonton is visiting her niece, Mrs. Jake Williams and family, also Mr. Calvert.

Miss Lucille Tatem went to Edmonton for the week-end.

Citizens are reminded of the Lac la Biche Herald letter box at the drug store. Please drop your news items there and don't forget to sign your name to it.

Mr. T. Lett was called to Hardisty on Wednesday to attend the funeral of his brother-in-law, who was killed in an automobile accident.

Mr. Frank Kozuchowski of Spedden is now employed in the Social Credit Treasury Bank here.

Constable Philips left for British Columbia last week on a holiday. He will join his wife and son, who have been there for three weeks.

Mrs. T. F. Laboucane went to St. Paul on Sunday, June 5. She was accompanied by her daughters Mrs. M. Ladouceur and Miss Irene. They had a short but most enjoyable visit.

St. Catherine's Hospital News

LAC LA BICHE. — Patients in St. Catherine's hospital, June 6 to June 11.

BIRTHS:

To Mr. and Mrs. Marchak of Sarrail, a daughter on June 6.

To Mr. and Mrs. Urgele Cadieux of Mile 137, a daughter on June 8.

To Mr. and Mrs. Aime Turgeon of Normandeau, a daughter on June 8.

To Mr. and Mrs. Ira McKenzie of Grassland a daughter on June 8.

To Mr. and Mrs. Metro Watamaniuk of Wandering River, a daughter on June 10.

RECEIVING MEDICAL TREATMENT:

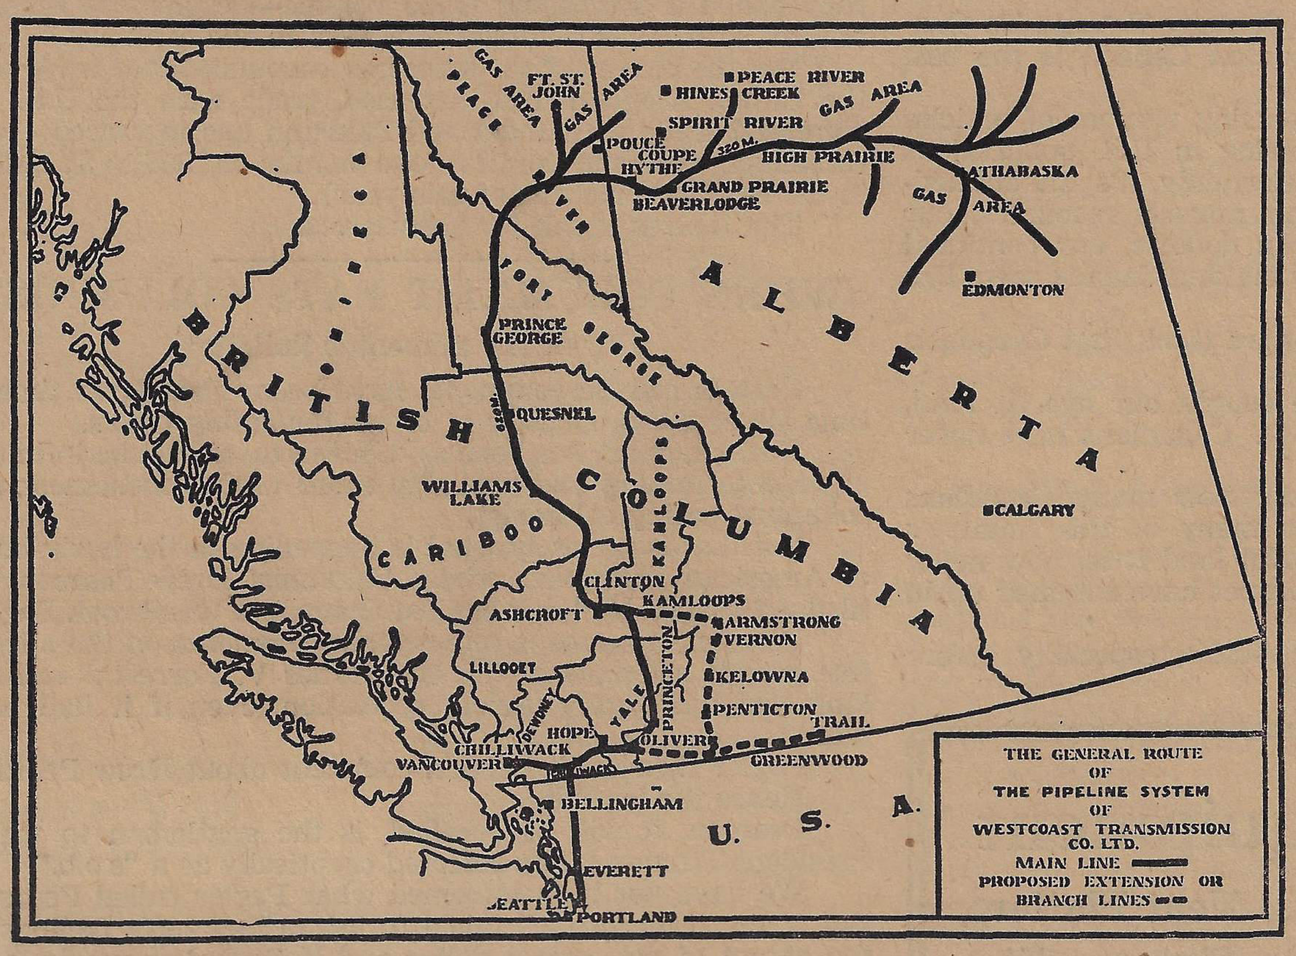

Mrs. Lucien Bourget of Lac la Biche Mission.

Robert Calvert of Lac la Biche.

Mrs. Annie Wowk of Craigend.

Mrs. Jos. Tremblay of Lac la Biche.

Dickie Joncas of Lac la Biche.

The Natural Gas Pipe Line for Northern Alberta and British Columbia

The general route and the areas to be served in Canada by the pipeline system of Westcoast Transmission Company Limited are shown on the above map. The total length of the line from Athabaska to Vancouver, including the main gathering lines, is approximately 940 miles. The cost is expected to run between $75,000,000 to $100,000,000 with Canadian labor, material and supplies to be used to the full extent available.

Students' Union News

LAC LA BICHE.—The Students' Union girls under the able supervision of Mrs. Hayduk cleared over $200.00 on the booth at the track meet.

The umpires of the ball games at our track meet were Metro Watermaniuk, Ross Mitchel, John Mitchel, Jerry Steadman, Mike Maccagno and Ernie Coutney. The A.T.A. Sports committee wishes to thank these gentlemen for their assistance at the event.

In points won by various schools the following were omitted: Plamondon 18, Cristy Creek 17, Mangin 6, Big Bay 7, Lile Lake 20, Charon 17, Rich Lake 33, Spruce Valley 21, Sunview 7.

The culmination of our Students' Union activities was the graduation dance held in the Memorial hall on Friday, June 10. Everyone had a good time. A delightful lunch was served by the girls of the Student Union under the direction of Mrs. Hayduk. Ross Mitchel made a splendid job of floor managing and kept everyone on their toes.

This winds up a very successful year for the Students' Union.

Canadian primary woollen workers are paid almost 70 per cent more in wages than British woollen workers.

Automobile and driver's licenses netted provincial governments $32 million in Canada in 1945.

SPORTS

June 5—

Lac la Biche baseball team won over Plamondon 3-2.

Lac la Biche baseball team won over Wandering River 4-1.

June 7—

Boyle and Lac la Biche girls' team tied at 10-10.

June 12—

Noral baseball team won over Lac la Biche 11-7.

Noral baseball team won over Hylo 7-5.

Weather

LAC LA BICHE. — The following is the maximum and minimum temperatures for the week-ending June 13, 1949, at 05:30 p.m.:

		Max.	Min.
June	7	77	55

"	13	82	48

Smoky Lake Club Officers

SMOKY LAKE. — New officers of the Smoky Lake Lions club are: president, M. F. Cummings; secretary, C. Alfke; first vice-president, J. Sembaluk; second vice-president, P. Semenchuk; third vice-president, N. Makareneko.

Tail twister, S. P. Kotyk; lion tamer, N. Skoropad.

Board of directors consist of: N. Palamarek, Harry Woytkiw, W. Holmes, and T. Dwernychuk and official photographer N. W. Gavinchuk.

Council Matters Are Discussed

LAC LA BICHE. — At the recent meeting of the village council consideration was given to the advisability of erecting the village into a town, and preliminary steps are being taken towards that end.

The school division requisition for the current year shows an increase over 1948 of $1,300.00 or a total of $13,320.00. The conditions that last year resulted in a vigorous protest from the taxpayers, are thus aggravated.

An appropriation was authorized for the construction of certain cement sidewalks, and construction will commence shortly on Nanton street fronting on block 10. This work will be under the supervision of the council, and the cost carefully noted for comparison purposes.

Approval was given to the following:

Leo Blais for the construction of a dwelling on block 29.

H. Marchildon for an extension to his present dwelling on block 10.

Klim Mischuk for the erection of a store building on block 14.

Mike's Cafe for an extension to the restaurant building on block 13.

Lac la Biche Mercantile for an extension to store in block 12.

Jean Lebeuf to erect an additional residence on his lot on block 16.

Doyle Motors for the installation of an underground 500-gallon gasoline tank in front of their garage on block 13.

Additional traffic signs are on order for installation, to better regulate the increasing motor vehicle traffic, and provide for the safety of all concerned.

Athabasca Liberal M.P. to Seek Re-election

LAC LA BICHE. — At a large and enthusiastic convention held at Westlock on Wednesday, May 18, in the new Community Hall there, Mr. J. M. Dechene, Member of Parliament for Athabasca since 1940, was unanimously chosen to contest the seat on behalf of the Liberal party. The convention was attended by 193 accredited delegates representing every section of the large constituency.

Some of the delegates travelled over 225 miles, from Cold Lake on the extreme eastern limit of the riding. The Bonnyville, St. Paul, Lac la Biche, Boyle, Athabasca, Dapp, New Brook and Westlock district were all represented.

The large community hall was filled to near capacity by 400 interested delegates and spectators who heard Mr. Dechene make a fighting speech in accepting the nomination.He reviewed briefly his many years of service to the country in the ranks of the Liberal party, starting under the Hon. Frank Oliver and Sir Wilfrid Laurier, followed by the leadership of the Rt. Hon. W. L. Mackenzie King and now the Rt. Hon. Louis St. Laurent.

Mr. Dechene stated that his health was sufficiently good to enable him to offer his services again to the population of the constituency of Athabasca. The energy and vigor of his delivery, in the opinion of this observer at least, certainly bears up his contention.

Mr. J. Harper Prowse, M.L.A., leader of the Liberal party in Alberta, was a featured speaker of the convention. In an address which lasted approximately an hour, Mr. Prowse went over the record of the Liberals and compared it with what the other parties in the field had to offer.

He dealt particularly with the agricultural policies of the dominion government and explained the wheat marketing legislation which was passed for the benefit of western farmers. He underlined the importance to the farmer of eliminating the gamble which had previously resulted from the operations of the Winnipeg Grain Exchange.

A number of important resolutions were passed by the convention and an election of officers was made. The following were chosen to direct the affairs of the Athabasca Liberal Association for the ensuing term: honorary president, A.T. Brosseau, St. Paul; honorary vice-presidents, Graham Walker, Westlock, Raynor Whitely, Colinton; president, Irvin J. Baril, Bonnyville; first vice-president, Willie Paquette, Bonnyville; second vice-president, L. R. Tellier, Westlock; secretary-treasurer, Laval J. Fortier, St. Paul.

THERE'S NO PLACE LIKE HOME

There's an old saying that goes something like this:

"You'll never appreciate home until you've been away from it."

We were reminded of this wise old cliche by a splendid article in the June issue of Coronet Magazine, now on sale at newsstands everywhere.

The article is titled "The 20th Century Belongs To Canada," and does everything but say that Canada is the best place in the world to live in.

It is the latest in the ever-increasing number of articles on Canada which have been appearing in U.S. publications during the past several months. Certainly it's an enthusiastic piece of writing, reviewing our mineral resources, our strategic position in North American defense, our continual growth and expanson, and generally making Canada seem like a near Utopia.

And we agree with Coronet, for we think that Canada is a darn fine place.

But one passage in the article caught our eye. It read, "The 20th century belongs to Canada. Canadians have never doubted it . . ."

That statement made us wonder how many Canadians fully appreciate the Dominion, how many of this country's citizens fully realize what a wonderful land it is, how many of us realize what the editors of Coronet have summed up in print.

We believe it deserves some thought, especially before June 27.

GOOD NEWS

Considering the amount of loud talk which opposition political leaders have been spouting in the current election campaign about Canada's "unfavorable" trade situation, this week's news from the bureau of statistics will be cheering to all Canadians, perhaps with the exception of the above-mentioned political leaders.

The bureau announced that total exports for the first four months of this year are above the total for the same period last year. They increased from $884 million last year to $896 million to the end of April of this year.

Exports to the United Kingdom increased sharply during April, almost 50 per cent over April, 1948.

It is indeed heartening to hear such news, for much of our national prosperity depends on continued trading. High volume of exports goes hand in hand with good times, and it has been anything but encouraging during recent weeks to hear political party leaders continually hammering at what they called a decreasing trade volume—despite the reassurance of government cabinet ministers to the contrary.

But the bureau of statistics has announced that trade with the United Kingdom has increased, trade with the U.S. has increased trade with India and Pakistan has increased (from six million dollars in the first four months of 1948 to 37 million in the first four months of this year).

The figures speak for themselves.

WHEN COLUMNIST EATS COLUMNIST

(From The Edmonton Bulletin)

Certain caustic comments have been made from time to time about the propensity of crows for eating crows.

Nothing much has been said, hitherto, about the infinitely more entertaining and probably more useful phenomenon of columnist eating columnist.

Yet that is precisely what is happening in the hurly-burly of American journalism where Columnist Drew Pearson has filed a $250,000 libel suit against Columnist Westbrook Pegler.

Pearson, it seems, wrote certain comments on the alleged five suicide attempts of the late James V. Forrestal—an unkind and thoroughly useless revelation, even if it had been true.

Pegler then wrote certain comment about Drew Pearson.

Hence the lawsuit.

Pearson, it will be recalled, is the gentleman to whom President Truman lately referred cryptically as a "s.o.b."

We have not been informed what Pegler called Pearson. But if the term "s.o.b." failed to injure Pearson's feelings to the extent of not even a dollar and if Pegler's remarks hurt him $250,000 worth, the Pegler castigation must have been something extra sizzling.

It must have been, at least, 250,000 times worse than "s.o.b."

In United States journalism, the emergence of snoopy, brow-beating quarrelsome and sometimes pontifical columnists as the chief molders of public opinion cannot be called an entirely wholesome development.

And just as millions of people in this continent applauded President Truman's sentiments, while deploring his language, so will millions of people be glad to hold the coats of either or both contestants in the present legal battle.

May the best man, if any, win.

OIL INDUSTRY BRINGS 43,000 WORKERS TO ALTA.

Further evidence that Alberta's oil industry has put the province on its feet was revealed by Lewis White, of Imperial Oil's marketing department, at an Edmonton banquet last week.

Since 1946, the oil industry had added or brought back 43,000 persons to Alberta, Mr. White told members of the Alberta Association of Municipal District Secretary-Treasurers.

Last year, the speaker said, 32 new industries, worth $30,000,000, and employing 1,200 persons were established in Alberta.

With conservation methods and modern techniques, present oil pools should keep the Alberta oil industry going for a century, he predicted.

CANADA MAY GET 11TH PROVINCE— "PEACE RIVER"

Canada may be getting an 11th province.

George Murray of Fort St. John, and Liberal candidate for Cariboo riding, said in Edmonton last week-end that there is some talk in the Peace River country of the district forming a separate province.

Mr. Murray, who is publisher of the Alaska Highway News at Fort St. John and the Lillooet-Bridge River News at Lillooet, B.C., said his constituency is a "forgotten" area.

He said that Peace River district may secede from British Columbia and join Alberta unless the Pacific Great Eastern Railway is extended north into the area. The idea of forming an 11th province is an alternative to joining Alberta, he stated.

Take a Camera On Your Vacation

NORTH WEST GROWING MASH

When chicks are six weeks old, you can safely change from Starter to Growing Mash.

North West Growing Mash is a complete BALANCED RATION for growing birds.

In addition to North West Growing Mash, nothing else but whole grain, grit and water is required. Keep the birds out on succulent green pasture. It helps to make strong pullets, capable of continuous high production

North West Growing Supplement

Where you have your own grains, and good ways of mixing and grinding, you may want to buy North West Growing Supplement and mix your own Growing Mash.

North West Supplement, added to your own ground grains, makes good Growing Mash. The Supplement has all the ingredients needed to complete a balanced ration when added according to directions on the bag.

TURKEY RAISERS can also get North West Turkey Growing Mash and Growing Supplement

Former German War Prisoners Hope To Return To Canada

Newspapers Receiving Scores Of Letters Aasking Assistance

LETHBRIDGE. — Former German prisoners of war, although kept under constant guard while held captive in Canada, studied and learned enough about the Canadian way of life to still cherish hopes of returning to this country.

Ever since the German prisoners were evacuated to England for subsequent return to their native land two or three years ago, scores of those once held in the large prisoner-of-war camp here have written to district newspapers expressing a keen desire to return to Canada.

Many of the writers of these letters request assistance in some form or other that will enable them to return here. All are of the opinion that Canada is a great country.

Typical of the letters sent from Germany was one from Erwin Schiborr of Kirchweyhel, Uelzen.

"My mind has grown up in the opinion that Canada is a country of real freedom," he writes. "Freedom which we never knew in Europe but for which millions of people are looking for."

Schilborr, who claims to be 26 years old, in good health and experienced in farm work, writes in clear English that he has been trying for two years to get permission to emigrate to Canada but that up to the present, he has been unsuccessful.

"The only way to get it," he says, "is if anyone in Canada should apply for my person."

Dr. Young To Head Lamont Hospital

Dr. M. A. R. Young of Lamont will succeed the late Dr. A. E. Archer as superintendent of the Lamont hospital, it was announced by Mr. N. V. Buchanan, chairman of the hospitals board, at the close of the 25th annual Alberta conference of the United Church of Canada at Calgary.

The new wings of the hospital, to be opened in October, will cost $250,000 when completely equipped, the meeting was told. This is $100,000 more than originally estimated.

The 26th annual Alberta conference of the United Church will be held at McDougall United Church in Edmonton next year, it was announced.

'Hat Rejects Commission

MEDICINE HAT. — A proposed new form of Commission Government for Medicine Hat failed to win approval of ratepayers by the narrow margin of 23 votes.
votes.

By-law vote was 363 for commission and 216 against, with a two-thirds vote of 386 required.

Five other by-laws on municipal ballot involving a collective expenditure of $250,000, all carried by substantial majorities.

TRY A CLASSIFIED AD. IT PAYS!

WHEAT BOARD MISREPRESENTED IS CLAIM OF HARPER PROWSE

GRANDE PRAIRIE. — Facts about the Canadian Wheat Board have been deliberately and in a most vicious fashion, misrepresented to the public by the Winnipeg grain exchange, J. Harper Prowse, M.L.A., and provincial Liberal leader, charged in a public address here. All the grain exchange men want is a speculative profit, which is denied them by the wheat board, he declared, and added no one but the farmer gets that speculative profit due to the policy of the Liberal government, the speaker said.

For the first time in history, Canadian farmers know the price they will receive for their wheat in the fall, as soon as it is sown in the spring, Mr. Prowse said.

They are receiving four times as much money now as in 1939 because the wheat board handled their surplus during the war years, instead of dumping it into the open market. He denied that the American farmer received more on the overall average than the Canadian farmer, citing 42 cents duty on Canadian wheat, the British market at $2 a bushel, and bonus payments as they accrued.

"A vote for the Liberal party is a vote to keep the wheat board working for you," he said.

Canadian farmers' net income in 1948 is $1,470,000,000 as compared with $461,000,000 in 1939 and $271,000,000 in 1933. But for the wheat board the grain exchange would have been able to buy all Canadian wheat for 80 cents a bushed during the war years of 1941-44. "The Progressive Conservatives and the Social Crediters are trying to make an issue of the wheat board," Mr. Prowse said, by giving misleading information.

Liberals are prepared to be judged on their record, which includes the family allowance, the speaker said. He scored the inference given by some Social Credit speakers that the family allowance was a Social Credit dividend given by Alberta because cheques were mailed from Edmonton. Through the Liberal government at Ottawa, mothers in the Peace River country have received $4,500,000, or $104,000 monthly, since 1945.

Actually, he said, the prairie provinces supply only 10 per cent of the taxes but receive 20 per cent of the amount paid out in family allowances.

C. B. Carignan, of Fairview, Liberal candidate for the Peace River constituency, also addressed the meeting. He stressed his belief in the Peace River country where he lived for 30 years and his hope that, if elected, he would be able to help toward its development.

The Liberal party is the only one which does not take orders from the top, he said. He described the veteran rehabilitation care in Canada as the best in the world. The prairie farm rehabilitation scheme and old age pensions, had done a great deal to help people in need. He reminded his audience that 75 per cent of old age pensions came from Ottawa and that it was B.C. and not Alberta which led in such social service measures.

Farm Schools Set Fall Opening Dates

Opening of the fall term at the Olds and Vermilion schools of agriculture on Oct. 25 have already drawn an enrollment of 180, R. M. Putnam, assistant deputy minister of agriculture and superintendent of agricultural schools, said Thursday.

The official said at Olds, 155 students have made application while registrations at Vermilion have reached 25.

Those wishing to enroll for the fall term a either school should file their applications with the principal of either school immediately, said Mr. Putnam.

Students will be notified by the end of July whether their applications have been accepted.

CASTOR HIGHWAY TO BE GRAVELLED 17 MILES NORTH

Gravelled highway will be completed this year from the town of Castor north for a distance of 17 miles, Hon. D. B. MacMillan, minister of public works said recently.

Delegation including 140 residents of the Castor district was informed of the government decision to build the road recently.

CASLAN NEWS

CASLAN. — Congratulations are extended to Mr. and Mrs. John Sawka on the birth of their son.

Mr. S. Johnston was a Lac la Biche visitor the other day.

Mrs. A. Matushek is having a holiday in the city.

The Caslan and South Noral children are taking advantage of the opportunity to be X-Rayed for TB.

Mr. and Mrs. S. Cislo visited the latter's parents, Mr. and Mrs. Beztelny in Thorhild on Sunday.

An oil outfit was here during the week doing some blasting.

Mr. C. Fester of Mile 174 is here visiting Mr. O. Woodworth.

Mrs. O. Trenchie and daughter are visiting at the home of Mrs. S. Cislo.

Mrs. Walter Meyer went to Edmonton to meet her parents, Mr. and Mrs. M. Lamb who have arrived from Scotland. They plan on visiting here for about three weeks before continuing to their future home in New Zealand.

Mr. Jack Barore, Mr. E. W. Meyer and Glen Meyer were all in Boyle.

Mr. Wm. Krawchuk motored to Boyle on Monday.

Briereville School Notes

BRIEREVILLE. — The pupils and teacher of Big Beaevr school, Briereville, Alta., were singing on the way back from the divisional sport's meet. They had reason to be happy. What was up? . . .

One of the pupils, Mary Tesolin, won high honors in high jump, throw, broad jump and racing. Winning first prize in each event. she was the only pupil on the grounds with four red ribbons.

The softball team won first prize for rural one-room schools and junior two-room schools—the only school on the grounds to win four games.

The teams played against were Hylo, Rich Lake, Lyle Lake and Charron, scores all in high favor of Briereville. The last three games played were with winning teams of previous games. In not one agme were the five innings played as the great unevenness in scores made it unnecessary to proceed.

You have done extremely well, all of you. May you keep with you always these ideas of fair play and good sportsmanship.

Play up, play up
And play the game!

The Plamondon Page

PLAMONDON NEWS

PLAMONDON. — In baseball games played at Wandering River at the Breynat Sport's Day— the scores were as follows:

Plamondon-Wandering River 3-1 in favor of Wandering River.

Plamondon-Lac la Biche 3-2 in favor of Lac la Biche.

The Plamondon Girls and Wandering River softball clubs played a very good game of softball, and the scores were Plamondon 11, Wandering River 2. Good going, girls, keep it up!

Practically every family in Plamondon attended the Breynat Parish Church sport's day last weekend and it is to be hoped the Breynat district and Wandering River people will turn out to the St. Isador's Parish picnic here on Sunday, June 26.

The TB X-Ray Clinic has come and gone and we, the conveners, are very grateful to all those who in any way helped to make their visit here such a success, and to those who were kind enough to help in this worthy cause.

Nine hundred and twenty-one X-Rays were taken here.

The baseball club spent their Thursday afternoon holiday working on improvements on their ball park. Congratulations, boys!

Many of the local residents gave their time last week to clearing under the spruce trees at the edge of the ball park where at a later date they expect to erect a monument to the first settlers of this district.

Mr. Edward Plamondon is revovating the home on his new property.

The Herbert Johnsons have moved into their new home.

The new John Deere "MC" crawler tractor, first of its kind to arrive in the district, caused quite an attraction this week.

Mr. Clifton Plamondon purchased same and is very proud of it.

Mr. Clifton Plamondon sold his property in Plamondon to Mr. Phil Johnson. Phil intends to make his home there at a later date.

Several other property transactions are in the making. Watch your next week's local news.

Mrs. I. Draper arrived at Plamondon by bus last night and has been employed as housekeeper at the Wm. Plamondon home. William just doesn't like cooking.

Mr. Philip and Bert Plamondon made a business trip to Edmonton. Philip has now taken on a machine agency.

Mr. Bob Piquette and Oral Dube visited the city on business. Oral is now employed at R. E. Piquette's machine shop.

Mr. J. M. Dechene, M.P. for Athabasca, accompanied by his son, held a meeting in Plamondon Thursday evening. This meeting was well attended.

Mr. G. Godel, Miss R. Murray and Miss C. Judman, held a very interesting meeting in Plamondon Friday evening. This was posted as a meeting for women, but men also were invited. Very interesting films were shown and Miss Judman explained how home building could be planned to save time and footsteps.

Miss Murray invited the ladies to contact her at any time if she could be of any assistance to them as their local household economist. Mr. Godel made a very impressive speech in French and stressed the need for the farmers to retain their trees for windbreaks and to preserve moisture. Mr. Martin Schaub was chairman of the evening.

Don't forget the annual parish picnic, June 26th!

Mr. Damase Bouvier, Sr., of the National Film Board paid his last visit to the district until September when he will again be back with us at regular intervals.

The conveners of the TB clinic certainly appreciated his pre-clinic visit with the films on TB, and we may say that perhaps these films had a great deal to do with the TB clinic in this district being such a wonderful success.

Mr. Bouvier will be spending the next few months at Jasper National Park showing the film board features to the tourists.

Future Bride and Groom Honored

VENICE. — A surprise party and shower was held at the home of Mr. Joe Bonifacio for his brother Tony and Miss Rena Macor.

During the evening music and games were played after which the guests of honor were presented with an automatic toaster from the men and a silverware set from the ladies. Some 53 guests were present.

A delicious lunch was served by Mrs. Joe Bonifacio. All enjoyed a very good time.

GRASSLAND NEWS

GRASSLAND. — Van's Carnival arrived Sunday night and at time of writing the gang was busy setting up the midway.

Mr. Frank Kuch has purchased a new Ford truck from Alex Semeniuk.

On Thursday the pupils and staff of Grassland school held a picnic and wiener roast at Skeleton lake. Boat rides and swimming were enjoyed. Some anxiety was caused when a wind storm blew up during the afternoon, as two boats were out at the time. Fortunately, everyone got ashore safely.

A shower was held on Saturday for Grace Putnam who is to be married on June 15.

Mr. Romeo Hurtubise is said to be having a good time in Edmonton, where he is visiting his numerous sons and daughters.

A forest fire is again raging in the vicinity of Kramer's Store, north of Grassland on the Athabasca river, and several residents of this district have been called out by the fire ranger.

Grassland was a deserted village on Sunday, nearly every inhabitant attending the Spruce Valley picnic and dance.

Mr. and Mrs. I. A. Sadownik were in Athabasca last week. Ronnie and Bonnie came home minus their tonsils.

Mr. and Mrs. Dale Mellott visited Skeleton lake on Sunday and report good fishing.

Deepest sympathy of the entire community is extended to Mr. and Mrs. Ira McKenzie on the loss of their infant daughter, who passed away in Lac la Biche hospital on June 11. The funeral was held at Lac la Biche.

Don't forget Grad Annual picnic at Grassland, Sunday, June 26.

Skinny men, women gain 5, 10, 15 lbs.
Get New Pep, Vim, Vigor
What a thrill! Bony limbs fill out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special vigor-building, flesh-building tonic, Ostrex. Its tonics, stimulants, invigorators, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting *too* fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size *only* 60c. Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists.

NATURAL GAS
For the Pacific Coast
Will Result in a New Era of Development and Progress For Northern Alberta and B.C.

The route by which Westcoast Transmission Company Limited proposes to transport Natural Gas from Northern Alberta and British Columbia fields to Vancouver and other Pacific Coast areas, is the shortest and most economic route.

The gathering line system of Westcoast Transmission Company Limited will commence in the vicinity of the Town of Athabasca north of Edmonton. Taking gas from fields in this area and all along the route it will follow the highway westward through or close to the towns of Athabasca, Smith, Slave Lake, Faust, High Prairie, Grande Prairie, Wembley, Beaver Lodge, Hythe in Alberta, and Dawson Creek, British Columbia. Gas will be gathered all through these areas, thus making gas available to all communities along the route. From Dawson Creek, British Columbia, the line will proceed south to Vancouver, serving intervening points and other Pacific Coast cities.

Detailed surveys of the right-of-way are already in progress. Almost a hundred million dollars will be required to complete the project. It will encourage and assist the greatest possible development of Northern Alberta and British Columbia, and at the same time bring the convenience, efficiency and economy of Natural Gas to the greatest number of Canadian communities, industries and homes.

Write for this FREE Booklet Today!
A brochure covering the Westcoast Transmission Company natural gas development and transmission system has been prepared. Copies are availbale on request.

ST. ALBERT LOCAL NEWS

ST. ALBERT.—Mr. H. Sumner returned home last Friday from a business trip to northern towns.

Mr. Germaine Borle, son of Mr. and Mrs. P. F. Borle of Villeneuve, and Miss Gladys Terrault, daughter of Mr. and Mrs. Henry Terrault, were married in the St. Albert church last Wednesday. The wedding reception and dance was held in St. Albert. To the newly married couple we wish them luck and many years of happiness.

Mr. J. J. Bourgeois is spending a few days in Falher.

Merede (Dave) Lavorie was engaged to Miss Yvette L'Heureux last week. Congratulations.

Miss Marguerite Bourgeois is getting ready to leave on a well earned holiday on June 18. Bon voyage.

Mrs. G. Gagnon spent three days with her daughter and son-in-law, Mr. and Mrs. Allen Houle, in Fort Saskatchewan.

Mrs. George Miller is back home after spending two weeks in the hospital.

Grandma Coulombe of Legal spent a day in St. Albert visiting her grand-daughters and friends.

OIL FIELD EXTENDED IN REDWATER AREA

REDWATER — Substantial extension to the north-west limits of the Redwater oil field was proven when the Pacific-Atlantic-Sunray-Calvan team, brought in their first producer.

The well is located on lsd. 8-10-58-22W4 in the north-east corner of three quarter sections recently acquired by the team for $353,297. It is about a mile south-west of Imperial Egremont No. 1 (formerly Redwater No. 4).

Without acidization the well flowed at the rate of 70 barrels per hour. It topped the D3 96 feet above the waterline, only one foot deeper than at Imperial Egremont No. 1 well.

Bottomed at 3,255 feet, 15 feet above the waterline, the well found only 12 feet of dense formation, hence the actual oil-bearing formation is thicker than the Egremont No. 1.

Rig from the well is being moved a quarter of a mile south for a second try. A second rig is being erected another quarter-mile further south on lsd. 16-3-58-22. Both are expected to be drilling by the end of the week.

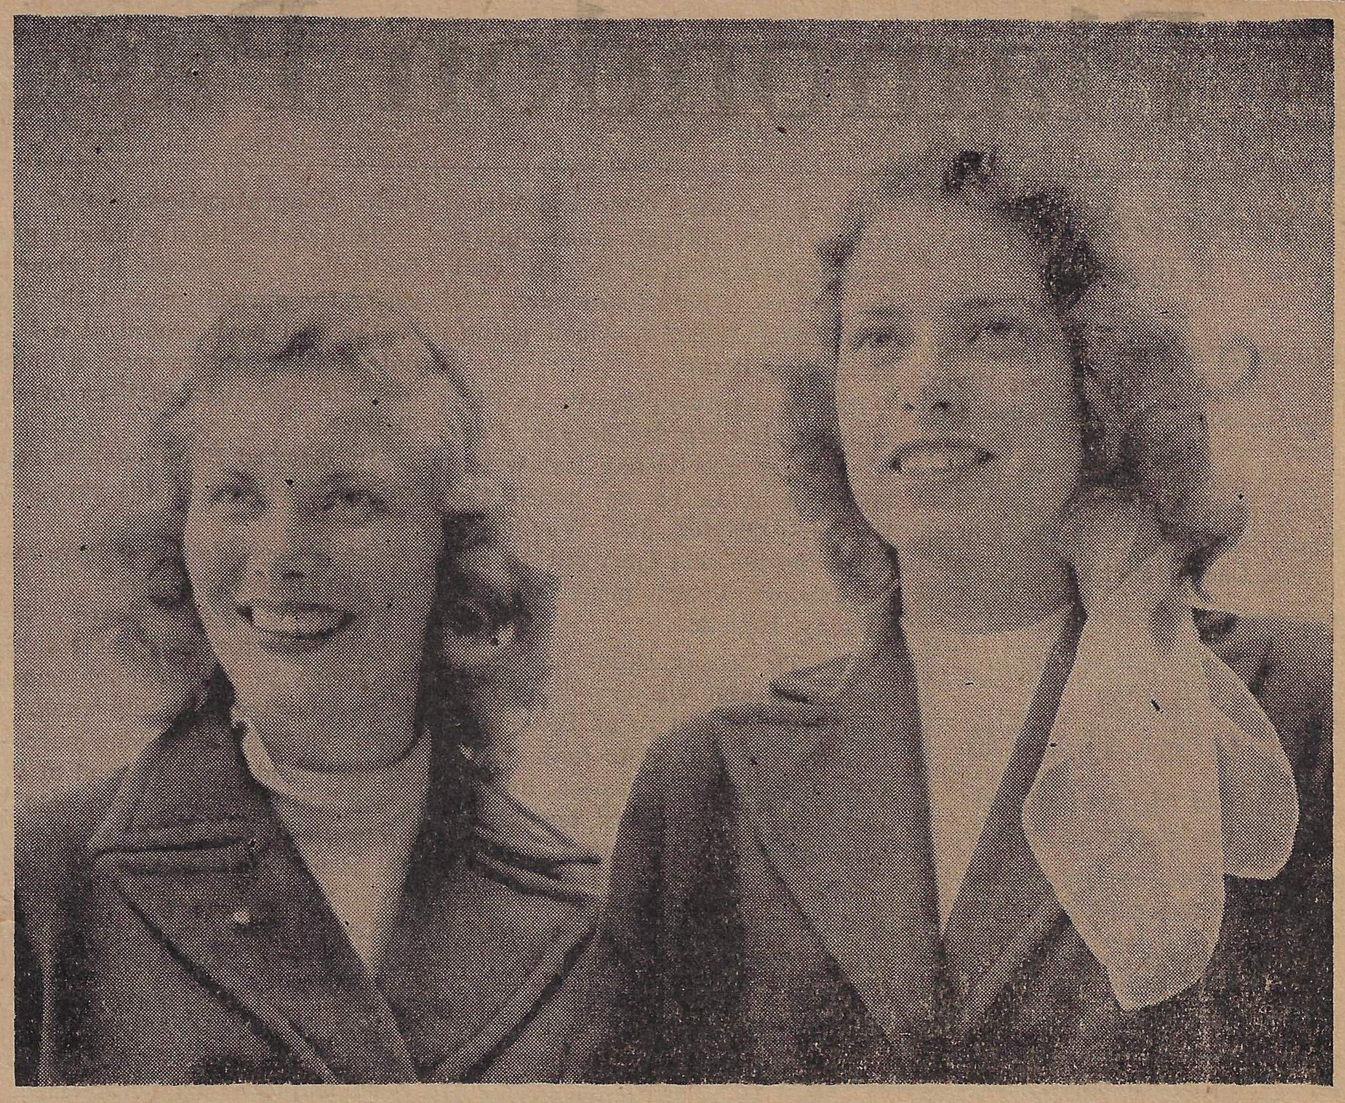

Primary School Entertains Mothers

ST. ALBERT.—On May 6 the pupils and teachers, Miss Wolmewicz and Mrs. Vague, invited the mothers to visit the school to see the children at work. They were able to see the advancement made since their visit in the fall.

All fundamental subjects were worked in Grade 1 and Grade 2, with Lucille Joyal as M.C., showed their talent in choral work, singing and physical training.

The visitors complimented the pupils on their progress in social development.

The trouble with reaching the age of 90 is that you see your children becoming middle-aged.

TWO SOUTHERN ALBERTA LOVELIES came up to Edmonton last week to do some election campaigning—but not for the federal election. At left is Calgary Stampede queen candidate, Joyce Shuttleworth, Balzac, and friend Elaine Griffiths, Calgary. Joyce is one of 17 lovely candidates from all over Alberta who are hoping to win the Calgary crown during Stampede week in July.

BIRD ON POWER LINE SURMISED DEATH CAUSE

CALGARY — A blackbird lighting on a rural power line may have led to the death of Owen Lester Wise, witnesses testified at an inquest into the death of the 31-year-old Rockyford, Alta., farmer.

Mr. Wise was electrocuted at his farm home last May 15, when he grabbed a smoking telephone wire. The phone line was carrying 6,900 volts of electricity due to a power line falling on the telephone line.

Burned Bird Found

His father still is in a Calgary hospital recovering from injuries and shock suffered when he attempted to free his son from the line.

Oren H. Besse, a farm laborer in the district, said he saw a flash of fire on a power line pole. He said the power line burned off and fell on the telephone line as he watched. Later he found the body of an electricity-burned blackbird beneath the pole.

Alec Easton, district manager of Calgary Power Company at Rockyford, said the bird could have caused the high tension wires to burn.

Super Salesmanship!

During the war when goods were in short supply, little salesmanship was required to sell our agricultural products.

Yet, by selling under world prices, the Liberal government has cost the Canadian farmer an estimated *two billion dollars !*

At a time when they should have been looking to the future and making long-term contracts for our food products, the Liberal government were contracting with the United Kingdom, our best customer, for only one and two year periods.

What has been the Result ?

We have lost most of our markets! Britain has contracts with other countries, many of them behind the Iron Curtain, for periods up to ten years. Excluding the wheat contract, we have only *three* contracts in effect at the present time !

FOR THE FARMER'S PROTECTION

The Progressive Conservative Party Will:

- Restore the Canadian Wheat Board Act to its original purpose . . . a marketing agency for wheat producers
- Extend the Wheat Board's powers to include handling of coarse grains on a voluntary basis
- Take aggressive and immediate action to regain lost markets and develop new ones
- Include Representatives from all farmer's organizations on all Boards dealing with agricultural products
- Achieve security of export markets through foresighted negotiations
- Enact legislation based on the principle of democratic producer control.

Alberta Clover Crops Face Weevil Danger

Alberta's sweet clover crops, particularly in the southern part of the province, are suffering damage in attacks by the sweet clover weevil.

Central and Northern Alberta farmers noting weevil attacks on their sweet clover crops were urged today to report damage immediately to their nearest district agriculturist or to the Field Crops Branch of the Alberta department of agriculture.

Considerable damage has been caused to young sweet clover crops in the Stavely and Claresholm districts of southern Alberta, W. Lobay, supervisor of crop protection for the department stated.

Various insecticides are being used in an effort to control the damage by field spraying, Mr. Lobay said.

The weevil feeds on young tender leaves of the plant by biting the outside of the leaf and finally devouring all leaves, leaving only the barren stem.

Now Let's See What Teacher Knows

A new, unique radio quiz program begins Sunday on the Columbia Broadcasting System, aimed directly at teachers.

Called "Earn Your Vacation," the program comes on the air between 6 and 6:30 p.m. (Edmonton time).

All contestants in the new quiz show must be school teachers. To earn their vacation, they must answer four successive questions correctly.

If teacher answers right, she can get a vacation to almost any place in the world, through Trans-World Airlines and leading hotels throughout the globe.

Trochu Loses To Beiseker

TROCHU. — Beisker defeated Trochu 8-7 in a Kneehill Baseball league game here Sunday. C. Hill replaced S. Christiansen as Trochu pitcher in the first inning after four runs were scored, but weakened in the ninth and four more counted.

Trochu won from Ghost Pine 19-1 in a league game last Wednesday.

I.O.O.F. Hold Dance

BEISEKER.—One of the nicest dances of the year was held in the Beiseker District Memorial hall on Friday, June 3. It was under the auspices of the local I.O.O.F. lodge.

The orchestra in attendance was Cliff Harvey of Drumheller. Lunch was served in the banquet room downstairs. Henry Berfsnyder Jr. won the door prize, an elertric radio.

Youth to Hang For Murder

DRUMHELLER.—Clifford Allen Newton, 16-year-old farm hand of Rumsey, Alta., was sentenced to be hanged September 8 by Mr. Justice C. J. Ford in Supreme Court for the shotgun murder of Mary Gladys Moore, also of Rumsey, last December 1.

Three hours and 22 minutes after retirement, Ross Dunlop, foreman of the jury, brought in the verdict.

Newton took the death sentence without a whimper and without change of expression, his expression changed only once in the trial. He half smiled when the statement he had dictated to Constable J. H. Baxter and signed was dissallowed by Mr. Justice Ford.

Mrs. Newton, the boy's mother broke down when sentence was passed and ran out of the courtroom.

1,000 Chickens Lost In Calgary Blaze

CALGARY.—The newly-developed chicken,raising business of Wm. Torrance, Chestermere Lake district farmer, was given a severe setback when 1,000 chickens, two chicken houses and two other small buildings were lost in a fire.

Mr. Torrance and his wife were in Calgary purchasing 1,100 new baby chicks when fire broke out on their small farm. Loss was estimated at more than $3,000.

Drumheller Coal Miners Strike

DRUMHELLER. — About 160 miners employed at Hy-grade Coal Company mine in the Drumheller coalfied went on strike in sympathy with a former employee of the mine management would not re-employ.

It was reported the employee left his job for a period of time and when he returned was refused his old job. Spokesmen for the striking miners said other miners also had left their jobs a few days at a time, but had been given back their jobs later.

Redwater now has 60 producing wells, Leduc, 251.

. . . and at low cost, too with a

FAIRBANKS-MORSE

ELECTRIC GENERATING PLANT

Yes, all the advantages of electric power can be yours. No matter what the size of your home or farm, there is a Fairbanks-Morse Electric Generating Plant to suit your needs. They range in power from the simplest model, furnishing electricity for small homes, to bigger capacities providing enough power for large farms. F-M Electric Plants are available in A.C., D.C., or combination A.C.-D.C., suitable for mobile or stationary service. They produce steady, flicker-free quality of city and rural highline power. Economical to operate and maintain, the average consumption of F-M Electric Plants averages about one quart of fuel per kilowatt hour at rated capacity.

You can be sure of the reliability and workmanship of FAIRBANKS-MORSE Electric Generating Plants, for every plant is fully run-in, thoroughly tested and guaranteed for one year. Don't be without the convenience of electric power any longer! See your nearest FAIRBANKS-MORSE dealer, or use the coupon to get full details!

Convicted in 36 Charges Man Draw Record Jail Sentence

EDMONTON.—Richard Thomas Thompson may have set something of a record; he has been sentenced to more than 500,000 days in jail on 36 charges.

Thompson, a former Edmontonian who has lived in Kelowna, B.C., for the last few years, will only have to serve five years as the terms were concurrent.

He was arrested after a month-long spree during which he forged numerous cash purchase tickets, stole a car and broke into shops. He pleaded guilty on all charges.

Students Take An Educational Trip

BEISEKER.—Under the leadership of Mr. Bunyan the students of Grades 7 and 8 motored to Calgary on Thursday, May 26 where they spent a very enjoyable and educational field day. They were first welcomed by the staff of the Palace Bakery. Here they examined the entire building and were later guests at a very delicious luncheon.

The next stop was at Calgary's famous St. George's Island. The students found this to be very enjoyable. They later examined several of the fossil houses.

After a very enjoyable two hours at the zoo, the class visited the Caste House where Mr. Keyes, the manager, directed them through the art gallery explaining various pieces of art. He later directed them to another part of the building where he had several types and models of trains. He explained how they were operated and how skillfully they were constructed.

When their visit to the Caste House was completed the students returned home fully satisfied.

U.S. Soldier Drowns In Alberta Lake

LETHBRIDGE. — Staff Sergt. Robert Hawkins of the United States army, stationed at Great Falls, Mont., was drowned Saturday when a canoe capsized at Henderson Lake near here.

Mack McDougall and Kenneth Scott both of Lethbridge, rescued two other persons in the canoe — Sgt. Theodore Driver of Great Falls and Ann Polak of Lethbridge. Sgt. Hawkins' body was recovered Saturday night after dragging operations, and was flown back to Great Falls.

SENATOR BUCHANAN RECEIVES DEGREE

LETHBRIDGE — Senator W. A. Buchanan, publisher of the Lethbridge Daily Herald and past president of the Canadian Press, received an honorary degree of doctor of laws from the University of Alberta recently. He gave the Convocation Address in which he pleaded for better understanding between the various races in Canada.

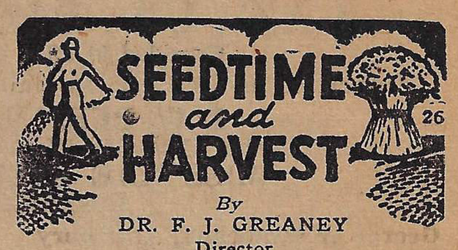

The senator wore a gown given to him by fellow citizens in Lethbridge where for more than 40 years he has been the publisher of its only daily newspaper. His son, Hugh Buchanan, is assistant general manager of the paper.

2,4-D For Perennial Weeds

With few exceptions, perennial weeds in growing grain crops are more difficult to control with 2,4-D than are annual weeds.

Perennial Weeds. In contrast with annuals, which live but one year and spread through the medium of seed, perennial weeds live for three or more years and spread not only by seed but also by underground roots or stems. Canada Thistle and Perennial Sow Thistle are by far the most common and troublesome broad-leaved perennial weeds in prairie grain fields.

Thistle Control. If treated when the plants are in the rosette stage of growth (or when the plants are from 2 to 4 inches high), the top growth of Canada Thistle and Perennial Sow Thistle can be successfully controlled with relatively light dosages of 2,4-D. The rate of 5 to 8 ounces of 2,4-D acid per acre is recommended. Under poor growing conditions the heavier rate should be used. Early treatment of Canada Thistle and Perennial Sow Thistle with 2,4-D saves chemical, reduces mechanical crop injury from spraying and dusting equipment, and destroys these weeds before they have robbed the crop of water and plant food.

Important Points. In controlling perennial weeds it is important to remember that some crop damage to wheat, oats and barley may result if rates higher than ½ pound of 2,4-D acid per acre are used. However, where heavy infestations of Canada Thistle, Perennial Sow Thistle and other perennial weeds occur, it may be advisable to accept some crop injury in order to gain maximum weed control. As flax will not, with safety, tolerate more than 5 ounces of 2,4-D per acre, the use of this chemical for controlling perennial weeds in flax crops is not generally recommended.

Precautions. Use 2,4-D wisely. Follow manufacturer's directions closely. Be sure your sprayer or duster is properly adjusted, and avoid applying 2,4-D on windy or very hot days. If you have a difficult perennial weed problem to solve consult your local Agricultural Representative, or write to Line Elevators Farm Service, Chemical Division, Winnipeg.

Ure Calls For Increase In Swine Industry

More Alberta pigs must go to market if Canada is to supply the United Kingdom tables with bacon.

Hon. David A. Ure, Minister of Agriculture, urged Alberta farmers to increase swine production.

"It will be practically impossible for Canada to complete the shipment of 160,000,000 pounds of bacon during the contract year," Mr. Ure said.

Only 16,321,000 pounds of bacon were exported from Canada during the first four months this year, he pointed out.

"Increase in swine production in Alberta is definitely warranted," the minister said.

Raising of swine distributes farm income more evenly throughout the year and at the same time increases the farmer's purchasing power, he said.

"In areas where hog production was seriously curtailed, merchants in country towns report a reduction in the farmer's purchasing power of as much as 25 per cent. A considerable portion of this might be made up from the profits of hog production, even where feed grains are bought from local elevators for hog feed."

YOUR FARM and FARMSTEAD

By L. H. PEACOCK
District Agriculturist

MASTER FARM FAMILY PROGRAM

This is a competition among Alberta farm families. Farm families will compete against only other families in the same soil climatic zone. Thus families of the prairie will not be competing against those operating on the black or grey wooded soil areas. Entry requirements are as follows:

The family must be Canadian citizens.

The head of the family must have spent at least ten consecutive years in actual operation of a farm. Military service will be accepted as applying to this period.

The head of the family must be the owner-operator or lease-operator of a farm.

The nomination form must be signed by three nominators, and accepted by the nominee himself.

The awards for each Master Farmer family will be a cash award of $1000 and a trophy which will be suitably inscribed and of decorative value for the living room of the home, and a name plate to be put on the entrance to the farm.

Entry forms are available from District Agriculturist's offices.

HERBICIDES vs. TILLAGE FOR WEED CONTROL

Experiments have recently been conducted for the purpose of determining to what extent chemical weed killers could be employed to replace mechanical tillage.

Shortly after the introduction of the relatively inexpensive hormone weed destroyers, chemical treatment for summerfallow rather than cultivation was forecast. Pre-emergence spraying of grain crops as a substitute for early season or pre-seeding tillage was also considered a possibility. Herbicides appeared certain to replace cultivation for the control of certain winter annuals on crop-free fields early in the spring and late in the autumn on land that was likely to erode by wind when tilled. Undoubtedly the killing of weeds by spraying or dusting in growing crops would definitely reduce the amount of between tillage required to control weeds.

Three years of investigational work at the Dominion Experimental Farm, Brandon, Man., says: D. A. Brown, has proved that herbicides can only under special conditions and to a lesser extent than at first estimated be used to replace tillage for weed control. Chemical summerfallow has not been found practical in western Manitoba. With few exceptions fields are infested in varying degrees with weeds immune to 2,4-D such as wild oats, quack grass, cockles, blue lettuce, and other species that are largely resistant, including wild buckwheat, flat spurge, certain pigweeds and Russian thistle. Chemicals will reduce the top growth of perennial sowthistle and Canada thistle, but the roots of these weeds must be tilled frequently to obtain control. Under summerfallow conditions chemical treatment has not been found helpful.

Drilling spring grain into weedy land, then using 2,4-D as a pre-emergence spray in place of cultivation prior to seeding has not fulfilled expectations. Spraying the crop several days after seeding with even up to a rate of four pounds (acid equivalent) of 2,4-D per acre has given no appreciable weed killing under conditions at Brandon.

Herbicides can, however, profitably replace tillage in early spring and late autumn for such weeds as stinkweed and common mustard on soil that is likely to blow when cultivated. Aside from weeds in growing crops and patches of highly abnoxious weeds found on locations that cannot be cultivated, tillage can generally be employed for weed control at less cost and with better result than the use of herbicides.

2,4-D SPRAYER AND DUSTER FIELD DAY

Owing to conditions unknown previously it has become necessary to discontinue plans for a 2,4-D duster and sprayer field day as planned and mentioned in this column.

NEWBROOK ITEMS

NEWBROOK. — The teachers and pupils of the Newbrook school presented a concert on Friday, May 20 of some 30 items: recitations, plays, vocal numbers, etc., to an appreciative audience of parents and friends. The proceeds were used to defray transportation expenses of pupils attending the musical festival at Thorhild.

The Mobile Chest X-Ray unit visited Newbrook for a few days, giving this district an opportunity to receive a much-needed T.B. survey.

The sub-divisional track meet planned for the pupils of Newbrook, Darling, Birchfield, Hollow Lake, Alpen and Spruce Canyon schools had to be postponed on account of rain. However, the rain was very much needed and weather permitting the track meet will be held on May 30.

Paul Stemkowski Hospital Patient

THORHILD — Paul Stemkowski is at present a patient in the Westlock hospital.

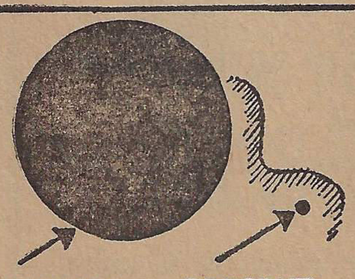

The Tribune joins with his many friends in wishing him a speedy recovery.

Is there Natural Gas for Export?

At present withdrawal rates there is now enough PROVEN reserves of natural gas to last Alberta 70 years. This does not include potential reserves. Allowing for INCREASED consumption and the portion contemplated for export, withdrawals over 50 years would be 11 trillion cubic feet. The Natural Gas Commission accepted geologists' statements that existing reserves will be increased MANY TIMES OVER. Since then there have been many important new discoveries. Minimum estimates of potential reserves are at least 28 trillion cubic feet in the near future, enough to last, WITH EXPORT, 125 years.

NORTHWEST NATURAL GAS COMPANY

1-49

MINIMUM POTENTIAL: 28,000 BILLION CUBIC FEET

Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists.

THORHILD LOCAL NEWS

THORHILD. — The Thorhild Seniors hardball team visited Redwater for the sports on May 24. Playing two games they beat the Redwater Imperials 11-1 and the Redwater regulars 8-2, walking off with the prize money.

Mr. and Mrs. Frank Opulski and daughter Audrey spent the week-end at Jasper Park.

Cpl. and Mrs. Johns and family spent the 24th visiting friends in Edmonton.

A meeting of the Ladies' Aid of Moose Hill United Church was held at the home of Mrs. Clyde Rose. An old-time member, Mrs. Jack Brewsher, at present visiting with her sister, Mrs. Rose, also was present and an enjoyable afternoon was spent by the members.

A fast and exciting ball game was played between the Abee and Thorhild schools, resulting in Abee winning by the narrow margin of 6-5.

The Tribune regrets to learn that Stanley Kucher, old-timer of the district, is at present in hospital at Radway and joins with his many friends in wishing him a speedy recovery.

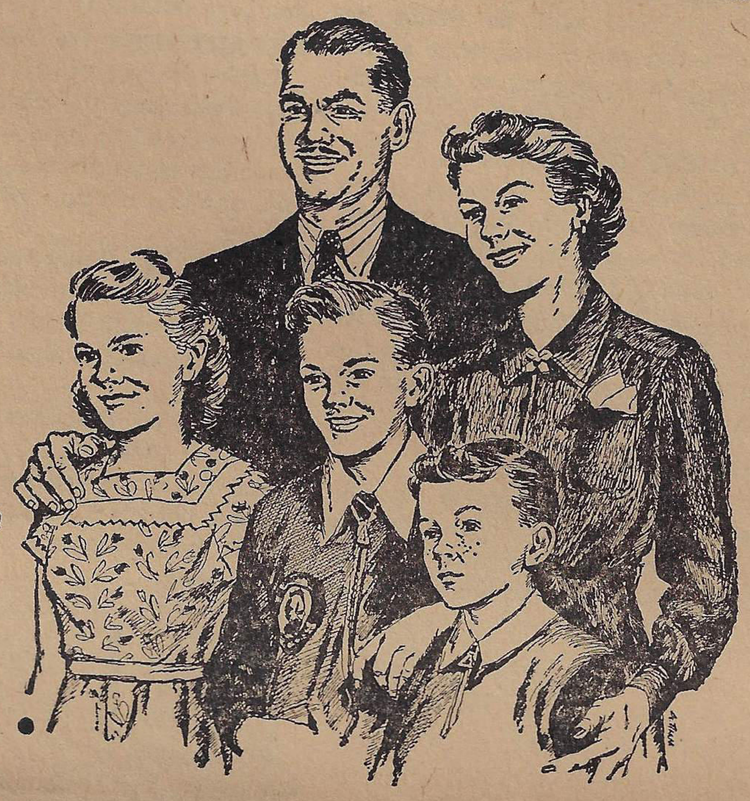

A tea and sale of home cooking was held by the ladies of the Moose Hill United Church in the library of the Thorhild Co-op on Friday, May 27. The ladies expressed gratification as the results of their effort.

A well attended dance followed the school festival held in Thorhild and we understand some of the best dancing took place during the interval that the electric power failed and substitute light was obtained.

Mrs. Dawes of Edmonton is visiting her brother and sister, George Garden and Mrs. Whitby.

Several students of Thorhild high school journeyed over to Waskatenau where they were entertained at a party given by the high school students of that town. All report having an enjoyable time.

This is a family affair .....

YOUR FUTURE . . . AND CANADA'S

Conditions have been good the last few years. More people are working than ever before — making more, spending more, saving more.

Isn't that what you want? After all, you have a family to think about . . . and you are planning for their future . . .

The Liberals are planning and working for your family's future too.

Here are some of the things the Liberals are doing:

Family Allowances are increased. Already a billion dollars has been invested in Canada's children. Millions of boys and girls are better clothed, fed and housed — have a better chance for an education and a real start in life — because of this Liberal measure. It has brought new security and well-being to countless Canadian homes.

In housing, too, the Liberals have taken the lead in providing Canadians with decent homes. More homes have been built in Canada, in relation to population, than in any nation. Already a million Canadians live in homes built since the war. The liberal government is ready to help solve the low-rental housing problem and has offered its cooperation to provinces and municipalities.

Then, there is the Liberal health program. Already federal grants are helping the provinces to increase their health services. But the Liberals' aim is a nation-wide contributory health insurance plan which will end, for everyone, the tragedy of inadequate health care and the financial strain of lengthy illness.

Or take employment. Liberal measures are helping to maintain employment in Canada at record levels, and at the same time unemployment insurance reserves have been building up. The government has encouraged enterprise and high production. Plants have expanded, new industries started up. New opportunities are being created every day.

Old Age Pensions and pensions for the blind have been steadily increased by the Liberal government. But it isn't stopping there. Its aim is a nation-wide plan of contributory pensions which will help everyone to enjoy a comfortable and secure old age — automatically and as a right.

. . . . . .

These are all part of the Liberal program of social betterment . . . a program to achieve a "national standard of social security and human welfare which assures the greatest possible measure of social justice to all Canadians".

MAKE SURE THE WORK IS CARRIED ON

Forest Fires Raging At Whitecourt and Lac la Biche

New forest fire has broken out at Whitecourt, as strong winds and hot, dry weather raise the province's fire danger.

Forestry officials said today the situation is "serious" and soaking rains are needed to eliminate the fire hazard completely.

At Calling Lake where high winds lashed a blaze out of control, crews rushed to the scene are reported to be gaining the upper hand in their battle against the flames.

A blaze which broke out yesterday in the Breton area, is said to be under control today.

At Whitecourt, half a dozen men are attempting to control a new blaze, and should have it in check by late today.

Forestry officials warned again today of the danger of settlers setting fires in an attempt to clear their land of brush.

Driver Escapes When Truck Burns

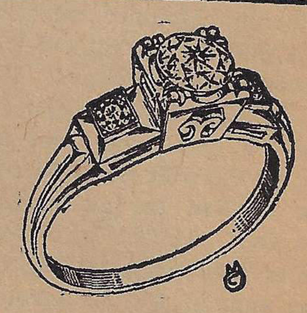

MAYERTHORPE. — David Calder, well-known sawmill operator at Blue Ridge, narrowly escaped death when the truck he was driving overturned and was destroyed by fire. The accident occurred two miles east of Mayerthorpe which is about 80 miles northwest of Edmonton.

Calder was driving the truck along the highway when the vehicle veered from the road, rolled down a 12-foot embankment and burst into flames. The driver was able to leave the truck cab without assistance.

Calder suffered only minor injuries but the truck was destroyed by fire.

THORHILD — A good crowd attended the dance sponsored by the Community Association held in the hall.

Music was supplied by the Silver Tones Orchestra.

Morinville Municipal Council Has Busy Monthly Meeting

MORINVILLE. — The regular monthly meeting of the council was called to order at 10:30 a.m., Thursday, May 12 with John Schafers, Stanley M. Walker, Nick C. Perrott, Gustave Meunier and J. C. Dusseaut in attendance.

After adoption of the Secretary's report of the minutes of the previous meeting and the financial report for period ending April 30, accounts were presented to the council for their approval for payment.

MACHINERY INSURANCE

Policy No. G.L.1300225 and Policy I.T.34-3405 were presented to council as received from P. G. Davies. This covers all insurance as requested by the council and the premium on same is in the sum of $766.68.

Moved by Councillor Shafers that we forward the premium to P. G. Davies in this regards in the sum of $766.68.

COMPLAINT BRUSH CUTTING $108.00

Letter from Jos Meunir in regards to brush cutting on the S.W. ¼ 11-56-26-W4 was read to council. Moved by Councillor Meunier that we appoint Councillor Perrott to interview the above mentioned with the object of arriving at an amount that would be satisfactory to all concerned, and that he report to council in this regards at the next meeting.

LOTS 10, 11, BLK. 7 PLAN 5846BB

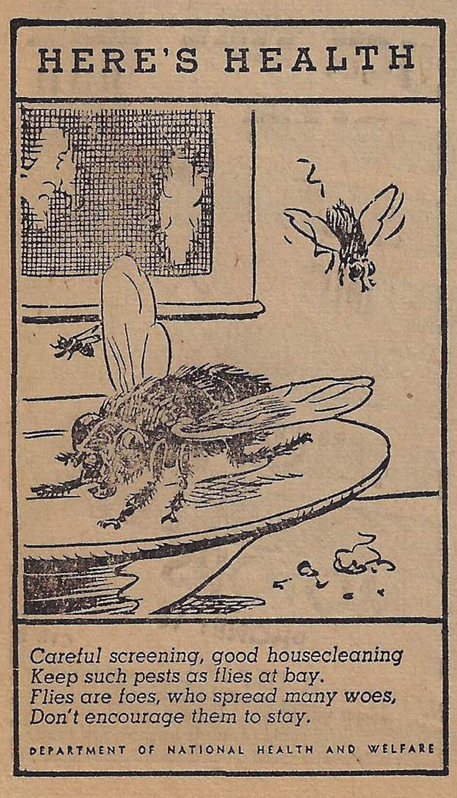

Offer of $1000 for the above proeprty, townsite of Busby, Alta., as received from the Busby Co-operative was now read to council. Moved by Councillor Meunier that we set the price of this property at $1500 and that the above be advised accordingly.

BORROW PIT S.W. 26-57-26-W4

Councillor Meunier advised the council that he had interviewed M. Plachner of Rochford Bridge, Alta., in regards to settlement of the above claim and had agreed to settle for $60; he said moneys to be applied to tax arrears on above land. Moved by Councillor Meunier that we settle this claim in the sum of $60 as agreed, and that the same be applied against the tax arrears on the above mentioned land.

IMPERIAL OIL AGENCY AT LEGAL

Letter as received from L. Messier re storage tank was now read to council. The matter was referred to the councillors concerned as to the requirements of a tank as offered.

cillor Schafers that the report be adopted.

TRACTOR, MOWER AND SPRAYER

The above as recommended by the Agricultural Service Board was thoroughly discussed by the council; it was agreed that this unit was required in the district. Discussion as to size of tractor was taken by the council and the prices as offered by the Morinville Motors, Union Tractor and Massey Harris was gone into. Moved by Councillor Walker that we purchase this complete outfit as quoted by the Massey Harris Company at approx. $1320.

W½ 3-57-26-W4 A.S.B.

The above land is under the control of the Service Board. The owners have not advised of the sale of the same to date. Moved by Councillor Perrott that this property be leased to Camile ReDudder for the year 1949, and that the reeve execute the lease as drawn up forthwith.

LETOURNEAU EQUIPMENT

Mr. T. Staples of the Costello Road Equipment Co. now called on the council in respect to the one man self loading Letourneau. The council were tendered an invitation to see one of these machines working at Rimbey, Alta. The council believed that as soon as seeding was completed this would be possible. Mr. Staples advised that he would notify the secretary as soon as the machine was in and that an appointment to visit this equipment after seeding would be arranged.

ARTHERIEN VS. BRUNELLE

The secretary informed the council that no report had been received in regard to this pound case, and that the committee in this regards should arrange to have this report in as soon as possible in this pending case. The council were advised that the appointed committee would have a report for the next meeting.

ANNIE SYWALYCK VILLENEUVE, ALTA.

This case was explained to council; they were read a letter as addressed to the free Outdoor Clinic, as requested by Mr. A. Saligo, member of the board of the Edmonton Rural Health Unit. Moved by Councillor Meunier that we approve of the said letter.

GRADER BELT QUOTATIONS

The following quotations have been received in regard to a grader belt:

Goodyear tires, 5-ply $350.78
Gutta Percha Rubber, 4-ply 312.65

Moved by Councillor Walker that we order a Goodyear 5-ply belt with breaker at $350.78.

CHILD WELFARE BRANCH

Letter from Chas. B. Hill, superintendent of the above branch dated May 2nd, 1949 was now read to council; this is in regard to George Houle, age 12 and Simon Houle, age 10 years and children of Alphonse Houle. The matter was ordered filed as the Rural Public Health Nurse is aware of the conditions and will no doubt advise the council further.

NEW APPROVED DISTRICT HIGHWAY

Letter dated May 10th 1949, approving of the following road as requested by the council, July 7th, 1948, was now read to council: From east boundary of M.D. No. 91, west through Cardiff and Riviere Qui Barre and four miles south to juncture with district highway No. 41-9-16, north of sections 19 to 24, townships 55-25 and 26-W 4th, north of sections 22, 23 and 24 and east of sections 4, 9, 16 and 21, township 55-27-4. The file number for this road is 41-9-67.

Moved by Councillor Perrott that this be accepted as requested.

GRAVELLING CONTRACTS

J. H. Perras now called on the council in regard to the road gravelling contracts to be let in 1949. He was advised by the council that as the government grants have not yet been received that the council does not know as yet what the amount is that will be allocated by the government.

The secretary called on the Department of Public Works and spoke with Mr. McQueen; it appears that the grant for this district will be in the sum of $25,000.-00, and that the same will be in the mail within the next few days, that the government or the district engineer will no doubt be calling the council together at an early date in regard to the contracts.

CULVERT COMPLAINTS

Complaints as received from Leonard Antherien and U. Martineau in regard to culverts were now read to the council.

Moved by Councillor Perrott that the matter be referred to the councillors concerned for their attention.

ROSS ENTERPRISES

The above now called on the council in regard to oil and greases being war assets surplus. He advised that their warehouse was at 9816 101A Avenue in Edmonton. The prices quoted on R.P.M. oil was 70c per gallon and grease at 10c per pound. Orders were given as follows:

2 bbl. R.P.M. S.A.E.—No. 10.
4 bbl. R.P.M. S.A.E.—No. 30.
16—25-lb. pails of parts grease.

These oils and greases are all Imperial Oil products and are guaranteed. The same are all tested before sale.

Council adjourned for supper at 7:00 o'clock p.m.

Council re-assembled at 8:15 o'clock p.m.

MRS. CHARLOTTE ANDERSON

Request for refund of Municipal Minimum Tax was now read to the council as received from the above. The secretary was ordered to request some information in this case as to this person's earnings including free board and lodging. The matter is to be presented to council again when this informahac been obtained.

DEPARTMENT OF EDUCATION

Letter as received from the minister regarding the cost of education was read to council. This was made due to the protest as made at the annual meeting of the ratepayers.

Moved by Councillor Schafers that we set our divisional allocations for Public Works at 13 mills on the assessed valuation of each division.

Total due for machinery rental, 1948	$ 8,838.00
Total due 1949 payment road patrols	9,375.36
Total due to General Account	$18,213.36

Moved by Councillor Schafers that arrangement for the settlement of these accounts be made at next meeting.

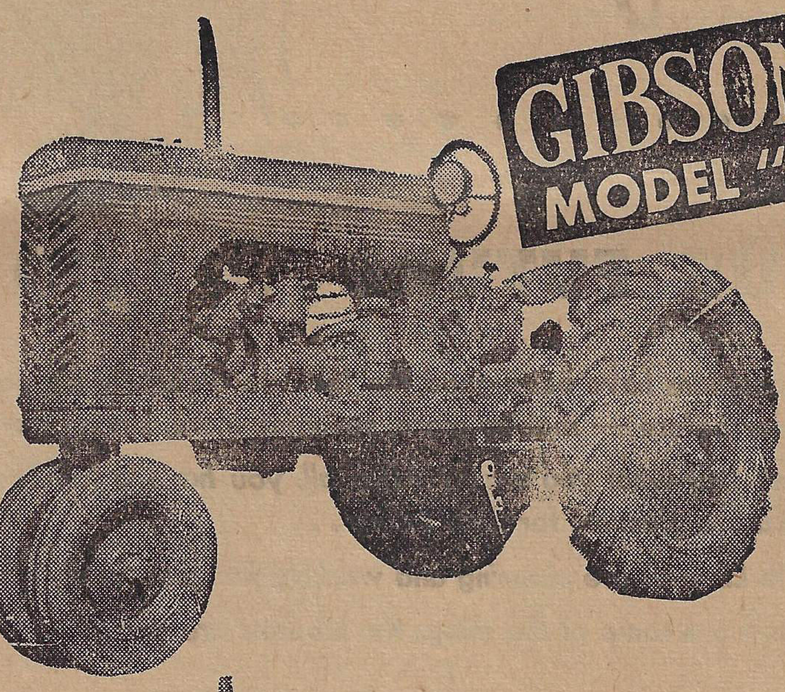

N. S. O'ZIPKO S.E. 10-58-25-4

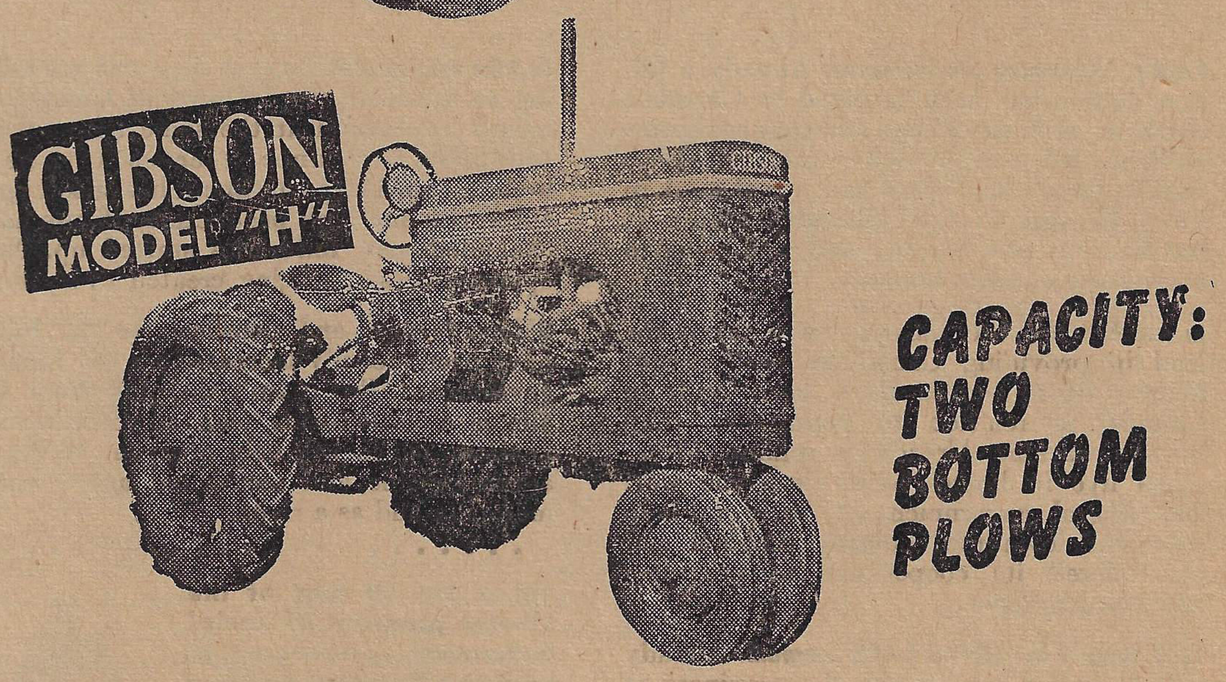

Moved by Councillor Schafers that the above-mentioned be advised that it is not a responsibility of the municipality to arrange for the drainage of the land in question. This was investigated by a committee of the councillors.

News From Other Points

BEISEKER LOCAL NEWS

Mrs. German is visiting relatives in the U.S.

Mr. and Mrs. Henry Berreth have left for a holiday in California.

Mr. and Mrs. Tony Schwartzenberger and Wayne were week-end visitors in Beiseker.

The Columbus Club held its monthly meeting on May 29. It was decided to do some work on the parish graveyard on Wednesday, June 8.

The C.W.L. met on Thursday, May 26. At this meeting Mrs. E. B. Hagel, president, was chosen to act as delegate at the annual C.W.L. convention held in Calgary, June 16-17-18.

Mr. and Mrs. Wendel Leibel of South Dakota spent a week with Mr. and Mrs. Joe Schmaltz, Sr. Also Mr. and Mrs. P. Beigler spent several days at the home of Mr. and Mrs. Matt Schmaltz.

On Thursday, May 26, a number of the sons and daughters of Mr. and Mrs. Joe Schmaltz, Sr., gathered at the latter's home to honor Mr. and Mrs. Leibel and Mr. and Mrs. Beigler who were about to return to their homes in the U.S.

Beiseker Senior ball team won an 8-7 victory over Trochu, Sunday. Pitching for Beiseker was L. Schmaltz and M. Brown and Leo Hagel caught. The game was held in Trochu.

The German United Church which at present is located three miles east of town is being moved into Beiseker. The new site is on Gotleib Berreth's property opposite the home of Alex Goodman.

$40,000 Loan For Thorhild S. D.

THORHILD — Four provincial school divisions will borrow a total of $480,000 to finance new school construction.

Plans for increased school accommodation are outlined in the current issue of Alberta Gazette.

Thorhild school division will borrow $40,000 to build two rooms at Ufford. one room at Egremont, a teacherage at Darling school, and to purchase additional property at Radway and Thorhild.

IT PAYS TO ADVERTISE!

CITY POLICE ROUND UP 11 JUVENILES

A concentrated drive to wipe out juvenile vandalism and law breaking reached its climax last week as city police rounded up 11 members of a juvenile gang and apparently solved a series of mysterious shootings on the High Level bridge.

Energetic Acting Probation Officer D. R. ("Doc") McNaughton announced that four lads between 15 and 17 years of age, had been found with two .22 rifles and a home-made .22 pistol, that had been used for target practice on the south side of the river.

Operating in the Whitemud area and east of the High Level bridge the youngsters said they had been shooting at birds and trees but had not deliberately shot at street cars and trains on the bridge.

Last week, police officers closed in on a gang of 11 boys between the ages of 14 and 16, who were believed responsible for a chain of car thefts and break-ins in the Edmonton area.

Five of the boys were arrested and through them, police obtained leads on the rest of the gang.

The gang was unearthed when two detectives saw two lads get into a jeep in a car lot. On investigation the jeep was found to be stolen and the boys were taken into custody.

Modern sealing wax contains no wax.

Week's Survey Indicates Election Is Getting Livelier

Campaigning for the coming federal election, June 27, was beginning to gain speed as candidates began to warm up to their work, last week. By the end of the fourth week of electioneering, candidates and party leaders were waxing warmer in denunciation of their opponents' policies.

Following is the Spotlight's review of the week's highlights in election campaigning across the Dominion:

Stumping Ontario hustings, C. C. F. Leader M. J. Coldwell almost plaintively rebuked the government for falling under the spell of "Tory propaganda" by taxation of co-operatives in 1946. The P.C.'s had opened the way for taxing of co-ops by "propaganda work of some of their members," said the C.C.F. leader.

Contended Mr. Coldwell: Co-ops made no profits and therefore should not be taxed.

* * *

Speaking to graduates at convocation ceremonies at Montreal's McGill University, Prime Minister St. Laurent kept to the theme of the occasion by telling students: " . . . I'm facing another examination which will take place June 27, and some 8,000,000 will mark the papers."

Prior to his convocation address the P.M. was given an honorary degree of doctor of civil law.

* * *

Quebec's Premier Maurice Duplessis who had let his Union Nationale swing over to the Conservatives found himself in a bad spot over the asbestos strike.

P.C.'s counting on Union Nationale support were worried that Duplessis' handling of the strike, which alienated labor and the Roman Catholic Church, might stifle any chance he might have had to swing votes against the Liberals. The violent events at the Asbestos mines and the rising tide of discontent against Duplessis gave the P.C.'s plenty to worry about.

* * *

Out west in foggy Vancouver, Progressive Conservative Leader George Drew made public a vague labor program for a Conservative national government.

Mr. Drew's proposal to establish a "national labor council" was immediately met with shouts of derision from labor leaders across the country. Said the Canadian Congress of Labor Secretary Pat Conroy: a P.C. national labor council would be "bad tidings for labor in Canada." The C.C.L. is supporting the C.C.F. in the federal election.

* * *

Social Credit Leader Solon Low, who had moved one notch east from his home province into Saskatchewan came up with a novel description of the Liberal party.

Said Mr. Low: The Liberal party is "the banker's party, spending the bankers' money, and spending it in plenty of sums as the banks call the tune."

Prime Minister St. Laurent waded into George Drew with a challenge to make Drew's proposal for devaluation of the dollar the main issue of the election campaign.

Said the P.M.: If the P.C.'s devaluated the dollar, Anglo-Canadian trade would be hampered, general cost of living would rise and it would benefit those gold mines which needed help the least.

* * *

John Diefenbaker, former M.P. from Lake Centre, Sask. (Progressive-Conservative) took a double swing at the C.C.F. in Saskatchewan and the Liberals in Ottawa.

Charging that taxes were higher than at any previous time in Saskatchewan, Diefenbaker said the C.C.F. policies had failed when put to the test. P.C.-man Diefenbaker on Liberalism: "The Liberals have given you promises without performance; we will give you the performance."

* * *

M. J. Coldwell, took time out from his attacks on government policy to take a hefty swipe at George Drew in campaigning at Port Arthur. Admonished the C. C. F. leader: Mr. Drew should be ashamed of himself for his attacks on North Star aircraft being used by T.C.A. Airlines.

"I sometimes wonder," said Mr. Coldwell darkly, "if Mr. Drew's attacks on the North Star are because his friends might be interested in a rival company making some other engine."

* * *

Speaking to western Ontario audiences at Goderich Prime Minister St. Laurent debunked opposition rumors that Liberals might be dependent on the C.C.F. to win the election.

Only the Liberals have a prospect of forming a majority administration, the P.M. said. A clear Liberal majority is the best way to remove any need of support from the Socialist party (i.e. C.C.F.) or any other opposition party, the P.M. told listeners.

And a few people doubted that the Liberals would have the support they needed to form a clear majority government.

Senator Claims Alaska Eskimos Getting Soft

WASHINGTON.—Are the Eskimos at Point Barrow, Alaska, getting so soft from canned foods that they can't stand cold weather?

Senator Allen Ellender (Dem., La.) has heard they are. He would like to know for sure.

Ellender told a senate appropriations sub-committees yesterday that he has heard reports the Eskimos have turned away from their traditional whole dinners to dine on canned fare provided by the army.

He said he was informed that because of this, more and more of them are dying of tuberculosis.

Dr. H. De'Lien, associate director of health for the Indian bureau, said the Navy is making a study to find if there is any truth to the reports.

He added, that so far as he knows, Eskimos at Point Barrow have only about the same tuberculosis date as other Alaskan natives—which is nine times higher than the average for the United States.

New Quiz Game: Can FDR, Jr Be President?

Election of Franklin D. Roosevelt, Jr., to Congress has inspired a new sport for political writers, entitled "Can he ever be elected president?"

The question of eligibility has risen because FDR Jr. was born Aug. 17, 1914, at Campobello Island, New Brunswick, Canada.

Some reporters have written off Mr. Roosevelt's potential presidential candidacy on the basis of the Constitution which provides that only a "natural-born citizen" is eligible.

Members of the Washington Bureau of the Cox Newspapers have turned up a March 28, 1898 ruling by Justice Horace Gray which declared that foreign-born children of American parents "shall be considered as natural-born children."

A Maryland court has held that there are only two type of citizens under the Nationality Act of 1940: native-born and naturalized, and foreign - born children of Americans aren't the latter.

When James M. Cox, head of the Cox Newspapers, ran for president in 1920, his running mate was FDR, Sr.

Do You Agree:

HYLO NEWS

HYLO.—June 8 Mr. Dick Meardi returned from Edmonton where he attended important business matters.

The new board of directors met unofficially to review the situation at hand.

The new board consists of Mr. Walter Lozinski, Mr. Bill Lozinski, Mr. Andrew Lozinski, Mr. C. R. Keehn, Mr. Carl Keehn, Mr. Geo. Mohowich, Mr Pasquale Monca, Mr. Albert Michetti and Mr. Ed Kucille.

Thursday, June 9, the Hylo Ladies' Society met at the home of Mrs. Walter Lozinski. The meeting was called to order by the vice-president, Mrs. Sylvia Lozinski, in the absence of the president, Mrs. Mary Kucille. The secretary read the report of the gross income from the June 5 picnic.

The meeting was well attended with many lady and gent visitors. A delicious lunch was served by the hostess and heartily enjoyed by everyone.

Friday, June 10, the Farmers' Union met in Mr. Kiwica's building to discuss the matter of electing a delegate to send to a district convention at Clyde.

At 8:00 p.m. the directors of the Hylo Co-op Store met in the store to settle important matters regarding the new set-up. Mr. Mike Poholski was hired as a temporary secretary to the board of directors.

Mr. John Wolanski, the present manager of the Co-op store, presented his resignation with the intention of leaving the position on July 8. His resignation was accepted by the board.

Saturday, June 11, Mr. and Mrs. Bruno Meardi motored to Athabasca to bring back Mr. Sawa Sholopoy who visited with them for a week. Cecile and Mr. A. Marini accompanied the party in Mr. Marini's car. June 12, the party attended Mrs. B. Meardi's cousin's wedding at Richmond Park. Mr. A. Marini particularly enjoyed the Ukrainian wedding.

June 12th, the Venice parish picnic was well attended by Hylo folk to watch the Hylo Beavers play a game of fastball which went to the Noral team with a score of 8-6.

On June 13, the Oilers appeared, to state that they start operations on June 14. Hylo folk have their fingers crossed hoping that the operations are successful.

Mr. B. Kuwica's building on Main street has been a bustle of carpenters in preparation of it for living quarters for the oil men.

Miss Donnie Grandinetti had to have a finger nail removed after she had it pierced by a barb off a barb-wire gate.

Mr. A. Marchesi had his finger on his right hand lanced after blood poisoning set in—also from old rusty barb-wire.

Julie Owchar was rushed to the doctor's office at Lac la Biche to remove a nasty sliver he jabbed through his thumb while playing at the stock yards.

TENDERS

SEALED TENDERS, addressed to the undersigned and marked, "Tender for Equipment Building at Lac Labiche", will be received up to 12 o'clock noon, E.D.S.T., Monday, July 4, 1949, for the construction of an equipment building, staff dwelling and related works therefor at Lac Labiche Airport, Lac Labiche, Alberta.

Plans, specifications, labour conditions, form of contract and tender forms may be obtained on application to the Chief Purchasing Agent, Department of Transport, Ottawa, Ontario, or from the District Airway Engineer, Civil Aviation, 302 Blowey Henry Bldg., Edmonton, Alberta, upon receipt of an accepted cheque made payable to the Receiver General of Canada for the sum of ten dollars ($10.00). This cheque will be returned upon the return of the plans and specifications in good condition.

Each tender, must be accompanied by a certified cheque on a chartered Canadian bank equal to ten per cent (10%) of the tender price, payable to the order of the Receiver General of Canada, which cheque will be forfeited in the event of a tenderer refusing to enter into a contract on the basis of his tender, if called upon to do so, or failing to satisfactorily complete such a contract. Cheques of unsuccessful tenderers will be returned.

Any tender not accompanied by a security deposit as described will not be considered.

The Department does not bind itself to accept the lowest or any tender.

F. T. COLLINS,
Secretary.
Department of Transport,
Ottawa, Ontario, June 8, 1949.

BOYLE NEWS

BOYLE. — Mrs. W. A. Deeprose had an operation on her arm on Saturday, June 11.

The wedding of Mr. Joe Radmanovich of Ellscott and Miss Joan Douglas of Cadomin took place in the Greek Orthodox Church in Boyle on June 13. Miss Mira Krajacie was maid-of-honor.

Miss Mary Anderson, who spent several years in the T.B. Sanitorium, will have to go back as soon as a bed is vacant to have an operation.

The Boyle Athletics beat the Athabasca hall team in a game at Spruce Valley picnic on Sunday, June 12.

There will not be the usual annual picnic in Boyle on July 1 but it will be held on July 10.

Miss Doreen Eide is expecting to spend her summer at Salmon Arm, B.C.

Tuesday, June 14, was the scene of great activity in Boyle. The Community Club sponsored a carnival. There were over 100 animals from Southern U.S., rides galore, merry-go-rounds, boats, etc. Eats for everyone—games of chance. To sum it all up—"just a rollicking good time."

The farwell party for Mr. and Mrs. Pete Pelsma turned out very successful. There were approximately 45 persons present. The gift was a lovely set of dishes.

The W.A. of the Anglican church sponsored a rummage sale and tea on Friday, June 10. The proceeds were satisfactory. The women of this organization expect to go to Athabasca on June 16, circumstances permitting.

The funeral of the late Mr. Harry Groves, an old-timer, was held in St. Paul's church, Boyle, on June 14.

VENICE NEWS

VENICE. — The sudden death of Mr. Harry Zallas, husband of Fidelia Biollo and brother of Mrs. John Shipka came as a shock to all. Mr. Arthur Biollo, Salvatore Giacobbo, Mr. and Mrs. John Shipka went to the funeral at Scaro.

Deepest sympathy is extended to his wife and children in their great loss.

Mr. Tony Bonifacio, Mr. and Mrs. Johnny Bonifacio and sister Bernice, Mr. Paride Diamille, all of Edmonton, are visiting at the home of Joe Bonifacio.

Miss Verona Metcalfe of Edmonton is visiting at the home of Mrs. Macor.

Mr. George Cox and Miss Lydia Michette of Edmonton are visiting relatives.

25th Anniversary United Church

SANGUDO.—June 8, 1949, saw the 25th birthday of the founding of Sangudo United Church.

This lovely little church was founded 25 years ago by Rev. D. C. McTavish, now residing in Edmonton, who with the help of a few patrons built the church by hand. Rev. McTavish was at the time 62 years old. He is now 87.

People from all over the district attended the celebration. The congregation numbering over 50, saw representatives from Mayerthorpe, Cosmo, Rochfort and other surrounding communities packed into its pews.

Rev. George Tuttle, residing minister of the Sangudo United Church, introduced Rev. A. J. Norquay of Mayerthorpe, who entertained the large gathering with some very beautiful movies, showing scenes from the great northern plains of Saskatchewan and also some wonderful pictorial scenes of the majestic wonders of the beautiful area surrounding Banff.

Following the showing of Rev. Norquay's films, the local talent of Sangudo's United Church put on a heart-warming stage show that was nothing short of side-splitting. A "mock trial" charging a certain Mr. H. Morton, a member of the choir, with singing an octive lower than the music called for, and so disturbing the choir somewhat. After many a hilarious laugh, he was finally convicted and sentenced to sing three chorses of "Asleep in the Deep," on the main street of Sangudo in the near future.

The evening wound up with the Ladies' Aid serving a most delightful luncheon which was appreciated by all present, I'm sure.

ALBERTA BEACH NEWS

ALBERTA BEACH. — Mr. and Mrs. Frank Mainhood are being congratulated on the birth of a son.

Owners of speed boats on the lake are urged to use greater care in not making it dangerous for row boats and canoes.

Mrs. Christensen, secretary of the village, entertained a group of ladies from the city.

Improvements have been made at the auto camp with newly gravelled roads and walks.

Pays Visit

ROYDALE.—Mr. and Mrs. Kirk Peckham and Mr. and Mrs. J. Jamieson and families visited the home of John and Ernie Sim early this month, from Mooses Wallow.

Bellis Hunt Is Ended

The 18-day search for missing Julia Shubert of Bellis has been abandoned, said RCMP Wednesday.

The 30-year-old woman disappeared from her home more than two weeks ago, and a continuous search has been carried on since then, although there is no hope of finding her alive.

Three dogs and a walkie-talkie were employed by police in the search, and clues from a distance of 50 miles away have been followed without success.

Posses were hindered by dense bush, rough country and muskeg, but searchers have numbered up to 300 at one tme.

Venice Church Picnic Great Success

VENICE. — The Venice church picnic was a great success. The weather was grand, so was the crowd. A most pleasant time was spent by all, with interesting ball games played by Lac la Biche, Plamondon, Wandering River, not a dull moment, for those who did not care for ball games could sit back and admire the lovely scenery of the lake while listening to the music and songs.

The gross amount taken in was approximately $1,200. Thanks to the organizers and all who helped to make it a success.

Driver Cleared In Road Death

Coroner's jury Tuesday attached no blame to Yvonne Longevin of Lac la Biche, driver of the car in which Mrs. Amelia Marcotte was killed June 1.

The six-man jury under direction of provincial coroner Dr. M. M. Cantor, came to their decision at an inquest in city police court.

It was decided that the 68-year-old Bawlf grandmother was crushed to death when the Longevin car overturned in a ditch one-half mile west of Glen Park on the Leduc-Calmar road.

Mrs. Marcotte died at 5 p.m., just an hour and a quarter after she had tried in vain to leap from the overturning car. She was pinned between the open door and the body of the new sedan.

The fatally injured woman died in the car of Dr. Haukin of Thorsby, en route to Leduc hospital. Dr. Hankin said she sustained chest injuries, a broken arm and severe shock.

A mother of nine children, Mrs. Marcotte had been on the way to the wedding of a granddaughter in Glen Park when the accident occurred.

District Couple Wed In Ashmont Bridal

ASHMONT.—The United Church here was the scene of a pretty June wedding recently when Hilda Olive, daughter of Mr. and Mrs. D. R. Boorse of Anning, Alta., became the bride of Mr. Robert Fosnaugh, son of Mr. and Mrs. G. Fosnaugh of Lacombe.

Rev. R. G. Bearisto of St. Paul officiated at the ceremony.

For her wedding the bride chose a gown of white sheer, styled with a fitted bodice that featured a sweetheart neckline. Her long embroidered veil was caught to a coronet, and she carried a bouquet of American Beauty roses.

She was attended by her sister, Miss Kay Boorse, and Miss Genevieve Ziegler of Vegreville. Both wore gowns of ice blue, and floral headdresses, and carried bouquets of pink carnations.

Best man was Mr. John Woods of Lacombe, and ushering the guests was Mr. Jack Draper of Ashmont.

Music for the wedding was played by Mrs. Whitman, and soloist for the occasion was Mrs. F. Smith.

Receiving at a reception held later at the home of the bride's parents, Mrs. Boorse wore a pearl gray frock ,ith matching hat and corsage of red roses. Mrs. Fosnaugh, mother of the groom, was in a dove gray afternoon dress with accessories to match, and corsage of salmon pink roses.

Leaving on a wedding trip to Calgary and Banff, the bride changed to a powder blue dress, complemented with navy blue accessories.

Later the couple will make their home on the groom's farm at Lacombe.

Wedding guests from Edmonton who attended the wedding were Mr. and Mrs. G. Guernsey and Mr. and Mrs. F. Boorse.

H. Stelfox to Head Game Association

ROCKY MOUNTAIN HOUSE.—A meeting of the Clearwater and West Country Fish and Game Association was held here to elect a new slate of officers for 1949. At the opening of the meeting Mr. Henry Stelfox gave a brief review of the game situation, the work and the objectives to be reached by the association for the coming year.

The new officers are: president, H. Stelfox; .vice-president, R. C Charlton; second vice-president, B. Hubert; secretary, M. Cowie; treasurer, M. Bradshaw; big game committee chairman, B. Palun; fish committee chairman, M. Bradshaw; Skeat Club president, R. C. Charlton; predator committee chairman, E. Larson.

It was decided that an all-out drive for membership would be the special assignment of each of the present members. The club will purchase crests designed for the association here. The derby fee is to remain the same this year as it was last year.

Colored Television Aids Medical Teaching

PHILADELPHIA.—Television has entered the field of medicine.

For the first time in history, natural color television was used this week to transmit surgical operations at the hospital of the University of Pennsylvania.

Hailed as one of the greatest advances in medical teaching, the color television has been developed to enable large groups of medical students to study, close up in full color detail, surgical techniques and medical procedures which at present can only be viewed by small groups of students around the operating table.

The television camera, specially designed by the Columbia Broadcasting System for teaching surgery and medicine, can be so focussed that the image on the receiving screen is several times larger than what the surgeon himself sees.

About 15,000 doctors attending the American Medical Association convention in Atlantic City next week will see demonstrations of the new color television.

Harold E. Stassen, president of the University of Pennsylvania, said that he was "tremendously impressed" after seeing color televised operations for the first time. He stated that he hoped that the University's new $10,000,000 medical centre would include color television apparatus.

Owned by Smith, Kline, and French Laboratories, the color television equipment was developed by CBS, Zenith Radio Corporation, and Webster-Chicago Corp.

NORTH WILDLIFE HAS TEMPORARY HOUSING MENACE

Only a handful of humans have been made homeless by the spring forest fires in Northern Alberta, but thousands of forest-dwelling animals have lost their sources of food and shelter.

When forest fires strike, larger animals, such as deer, moose and bears, make their way to bush free from the flames. If their home areas are not burned out completely these larger animals usually return once the fires are put out.

Animals most likely to suffer from the fires are squirrels and weasels living in the forests. When flames sweep through the forests, the squirrels take to the tree tops and the weasels burrow into the roots. Intense heat causes heavy casualties among these animals both in the trees and under ground.

Beavers also will lose some sources of food by the burning out of vegetation along the water's edge. But with the exception of squirrels and weasels, Alberta's wildlife will not be seriously depleted by the fires.

ALBERTA PLANS 47 FIELD DAYS, PLOW MATCHES

Now that most farmers have their seeding done they'll be able to take time out to attend local plowing matches and field days.

The field days give farmers a chance to get out and look at their neighbors' stock, critically eye the plowing, and talk shop with their friends.

This spring 47 field days will be held in Alberta, most sponsored by the Alberta Department of Agriculture, from May 31st to June 30th.

Most of the field days will be based on plowing matches with 16 tillage competitions already arranged.

A swine field day will be held at the University Farm in Edmonton on Tuesday, June 14th.

Biggest plowing match will take place in the Edmonton area at the Oliver farm, north-east of the city, on Wednesday, June 8th. Nearly 6,000 spectators, contestants and tourists are expected to turn out for the first local match in eight years—if the weather holds.

Sponsored by the Junior Chamber of Commerce, the match will feature more than $500 in prizes. Plowing will take place on a 40-acre plot and tilling will take place on an 80-acre stubble field.

SPOTTED FEVER CARRIERS

Provincial government experts are going to look for carriers of ticks which are breeding grounds for the dreaded Rocky Mountain spotted fever. Investigations are under way in the Manyberries district near the U.S. border, where five persons have died from the fever in the past eight or nine years.

Although the fever is carried by ticks on plants, gophers and field mice are also believed to be common carriers of the disease. Scientists will trap the small field rodents and test them for evidence of the ticks or the disease.

MLAs To Get $10 Per Day Pay

Provincial MLAs will get salaries of $10 per day for the special session of the legislature which begins July 4 to discuss natural gas export.

Maximum payment will be $100 for the session, whether it lasts more than 10 days or not.

The amount will be paid in addition to the regular yearly indemnity paid MLAs.

Special Session To Air Gas Export Question

The touchy problem of what to do about exporting Alberta's natural gas and oil will finally be aired in the legislature on July 4, Socred Premier Ernest Manning revealed last week before he left for an east business trip.

Hints of a special session had been brought up during the regular legislature meets during the winter. (See Spotlight, May 28), but it was only last week that the date of the special session was announced.

The federal government, keenly aware of provincial rights, had left the decision on gas export in the hands of the provincial government following a visit of two Socred cabinet ministers to Ottawa.

Hon. Lucien Maynard, attorney-general, and Hon. N. E. Tanner, minister of lands, forests, mines and minerals, on returning to Edmonton reviewed the problem and submitted a report to government members on the special session.

DREW AND GAS

Even George Drew, PC leader, got a word in during his western fling. Said Mr. Drew, cagely: the PC's advocate "effective co-operation between the provincial and dominion governments" (on export policies).

In the meantime, government officials hinted three new bills on export policy would be brought up at the session. Beyond the hinting it wasn't known just what the government policy would be.

Before he left for down east, Premier Manning told newsmen the government stand would be made soon.

"The session is not being called to change the present policy of the government towards natural gas and export," Mr. Manning assured newsmen.

Relief In Sight For Overtaxed 'Phone System

Relief may be in sight for Alberta's over-taxed long distance telephone and communication lines.

Announcement last week that Alberta Government Telephones will install new lines between Calgary and Edmonton came as welcome news to businessmen and phone-users.

The increased volume of business plus oil transactions has boosted long distance calls by 190 per cent since 1940 with an additional increase of 56 per cent since 1945.

Impatient phone-users have been waiting between 30 minutes to one hour while harried switchboard operators tried to clear lines to get their calls through. With nearly 1,100 messages a day going back and forth between the two cities the 21 lines in operation could not handle the service.

Complaints on long distance service caused the transportation committee of the Chamber of Commerce to launch an investigation into the phone setup.

But telephone officials were doing their best to clear the situation. In addition to new lines planned, phone officials said a new automatic toll board would be in operation by the first of next year.

LABOR RIGHTS GUARANTEED

Protests by Edmonton labor groups over unrestricted entry of U. S. oil workers to Alberta's oil fields got some results last week.

Following complaints voiced by the Canadian Legion and Trades and Labor Congress, federal employment officers quickly assured Albertans that Canadian oil workers will be "fully protected."

Protection of Canadian workers would probably be extended by tightening up of immigration regulations and restriction of U.S. workers to skilled jobs only.

Evidence that fears of Canadians being elbowed out of oil field jobs were unfounded came from the Western Canada Petroleum association last week.

In a survey of 28 companies drilling in Alberta, the association found that the companies were employing 95 per cent Canadian workers (total of 2,103 Canadians to only 105 Americans).

When oil crews first began to move into Alberta from the United States three years ago, they brought in full U.S. crews because they had not known the labor situation in Canada.

Since then, these firms have changed to Canadian crews except for a few specialists needed in highly skilled jobs.

EAGER BEAVERS

Hopes that Edmonton might have a sea monster were dashed last week. An excited citizen told police he thought he had seen a monster in the Saskatchewan river near the Dawson bridge.

Inquiry in the area revealed that the monster was only a beaver.

TRY A CLASSIFIED AD. IT PAYS!

Oil Companies Continue Expansion Of Land Reserves

Although cut-backs and voluntary pro-rationing has slowed down production in some of northern Alberta's oilwell producers, the industry continues to expand.

Last week, more than 12,000 acres of Crown Reserve land was opened up for offers for petroleum and natural gas rights.

The 78 parcels of land are in the vicinity of Innisfree, Vegreville, Tofield, Bruderheim, Ponoka, Rochester, Tawatinaw and Bon Accord. Offers are open until June 15.

In the meantime some 646,000 acres were added to exploration reservations taken out by oil companies in Alberta last week.

Bulk of the acreage, nearly 600,000, was made up of six reservations acquired by three companies over a 100-mile stretch near the Mackenzie Highway north of the Peace River Block.

Other reservations were made at Edmonton, Stettler and Wainwright districts.

Seeding Acreage

Canadian farmers will seed 3,000,000 more acres to spring wheat this year than last, making a total of just under 27,000,000 acres seeded to wheat for harvest in 1949. At the same time an increase of over a half-million acres in summerfallow in the Prairie provinces is anticipated, bringing the total summerfallow to 20,600,000 acres. Intended wheat seedings in the Prairie provinces are estimated at 26,000,000 acres, up 3,000,000 acres from the 1948 level of 23,000,000. Ontario's wheat acreage shows a decline of 16 per cent.

Decreases are looked for in Canada's other major grain crops. Oats are expected to be down four per cent from last year to 10,800,000 acres and barley down seven per cent to 6,000,000. Extremely sharp declines will occur in seedings of rye and flaxseed, the extent of the change from last year in these two crops being 43 per cent and 75 per cent, respectively. The acreage to be seeded to potatoes this year is five per cent below the 1948 level.

KITCHEN SPLENDOR!

GOVERNMENT GIVES MINES NEW TAX DEAL

Canada's base metal mines will have a new taxation deal. Prime Minister St. Laurent quietly made the announcement last week while he was visiting the mining centre at Noranda, Quebec.

According to the P.M. the new tax deal will come about under Finance Minister Abbott's budget which was not passed by the commons before dissolution.

Mining company officials were quick to laud the new agreement which will allow new companies a three-year deferment of depreciation and pre-production write-offs.

In a nutshell, the new concessions mean that young companies will have a greater tax exemption once they are under way. It means they will be given consideration for the expenses they have been up against in getting their mines into production.

The change, affecting 1949 operations, extends to producers of lead, copper, znic and other base metals. Previously only gold mines were given the tax concessions.

Fishing nets are now being made of nylon at Drummondville, Que.
